

## BEAST IS YOUR DATACENTER WORKHORSE

#### **Density & Capacity**

Storage optimized for high capacity workloads up to 480 TB in 4U.

### **Simply Sensible**

You get everything you need, nothing you don't. From the simple rail kit installation to the ease of use, it's just that simple.

#### **Energy Efficient**

With all of the capacity and industry leading density you can save cash and the planet at the same time. Nexan's AutoMAID can save you up to 85% of electrical costs.

#### Reliable

Sensibility doesn't mean not protected. Nexsan BEAST is fully redundant with hot swappable components giving you a storage platform you can count on.

#### **Budget Accessible**

Perfectly practical to meet the ever growing needs of your organization. Designed for when you don't want to compromise and your budget is getting tighter.
